GERMAN ADVANCE IS IN PROGRESS

General Cavalry Engagement Between Belgians and Germans.

PUSH TO WATERLOO

Battle Imminent Which Will Settle, for a Time at Least, Whether Invasion Can Succeed.

Brussels, August 12.—The general German advance is in progress. The war office in admitting this today also announced that a general cavalry engagement is now in progress. The heaviest fighting is in the country just west of Tonfires, and south of Louvain.

The Germans had two complete divisions of cavalry there yesterday supported by infantry and artillery. They are advancing toward Waterloo and Brussels.

It is believed in Brussels that the Germans have decided to attempt to carry through their original plan for the invasion of France by way of Brussels and Lille.

Crossing the Meuse river to the north of Liege, the right wing of the German army, it is thought, is feeling out the Belgian defense line with cavalry.

The infantry and artillery are now reported to have reached Tongres and the military experts in Brussels say the cavalry engagement now progressing is the immediate preliminary to the general battle which will settle, for a time at least, whether the German invasion of Belgium can succeed.

King Albert left Brussels for the Belgian army headquarters at Louvain.

The details of the Belgian movements are withheld, but it is admitted that strong French detachments are now operating with the Belgians everywhere, while the British expedition is still believed to be in the vicinity of Namur.

In order that their march may be uninterrupted, the Germans are reported to have again attacked the Liege forts with great vigor at daybreak today.

While the forts at last accounts were still intact, the German artillery bombardmen is having its effect, and some of them at least are admittedly badly damaged.

German cavalry patrols, with astonishing fortitude and speed, have pushed far into Belgium in advance of the regular army of occupation. It is officially announced that such a detachment had been routed from Landen and the city reoccupied by Belgian troops.

Landen is twenty miles from Vise, on the border.

Re-enforcements of British and French troops has permitted division o fthe Belgian forces to forcing the German cavalry outposts back on a line with their position at Liege. The Uhlans have been forced to retire from a dozen small towns, some of them ten miles in advance of the main force of the German army.

The German siege guns are big calibered pieces, some of them of forty tons weight. Their transportation is low.

Official advices say that prisoners taken by the Germans in the fighting around Liege are being shown every possible consideration.

In a number of cases they are being used as a cloak to German military operations, but there have been no complaints of ill treatment from those captured.

HARVESTER TRUST DISSOLVED.

Unless Plan is Sumbitted Within Ninety Days a Receiver May be Named.

St. Paul, Minn., August 12.—The International Harvester Company was today declared to be a monopoly in restraint of interstate and foreign trade and was ordered dissolved by a majority decision filed here by Judges Smith and Hook in the United States Court.

NEWS OF THE DAY.

That a British warship was torn to pieces by an explosion some place off the near California coast is the conviction of persons who carefully examined the flotsam cast upon the beach at San Francisco Monday night and yesterday. Bolts and fittings were not only torn from their seats, but in one instance the brass runner on a sliding door had been twisted into a tangled knot. An iron reinforcement two inches thick had been snapped in two. Portions of the woodwork were splintered into match wood and the general effect of the damage done was totally dissimilar to what would have been the work of even the hastiest dismantlement. One door panel bore the appearance of having been pierced by a shell or some other fragment of flying metal. Lifeguards stationed near where the wreckage was found said that last Friday they heard what they now believe to have been firing far out at sea.

The Democratic House stopped another movement to make a gap in the civil service yesterday. The Cullop amendment to the Moon Railway Pay bill, which removes all employes of postoffices from under the protection of civil service and permits postmasters to fill their places with whom they may please, was defeated by a vote of 81 to 163.

A dispatch from Berlin dated Monday says the Russian funds seized by the German government in Berlin banks are said to total $25,000,000. A special commission appointed by the government in Germany reports that the country has a sufficient stock of food to last for a year. Emperor William has given $100,000 to the German Red Cross Society, and a similar sum for the relief of soldiers killed or wounded in the fighting.

An American passenger by the Ostend boat arriving at Dover yesterday, and who had come from Liege, stated that the German troops there were so ravenous with hunger they were offering 30 cents a pound for dog flesh.

Fourteen women and girls were killed and fifty injured during a fire panic in St. Antoione's Church in La Louviere, Belgium, according to a report in the Peuple.

FUNERAL OF MRS. WILSON.

Fifteen Thousand Persons Line Sidewalks of Rome, Ga.

Rome, Ga., August 12.—The funeral party accompanying the body of Mrs. Woodrow Wilson, arrived in Rome at 2.30 p. m., yesterday, and went to the First Presbyterian Church. Fifteen thousand people lined the sidewalks along the way of the procession. The city was deathly still, but for the tolling of a score of church bells.

Only for a moment was the face of the President revealed as he left for the train and again as he entered the church. The crowd saw the countenance of a man deeply lined and haggard.

As the funeral train made its way from the North thrqugh Georgia, church bells tolled continuously.

Government, State, county and municipal offices, and many business places throughout the State were closed and all flags were at half mast.

The funeral party on its arrival was taken directly to the church where Mrs. Wilson's father was pastor from 1866 to 1883. A large wreath of flowers had been placed around a tablet, near the altar upon which is inscribed the life and services of Dr. Axson, Mrs. Wilson's father.

The Rev. Sylvester Bach, of Princeton, N. J., who officiated at the wedding of Miss Jessie Wilson to Francis B. Sayre and Miss Eleanor Wilson to William G. McAdoo, was in charge, assisted by Dr. G. G. Snyder. Services were brief. Two of the favorite hymns of Mrs. Wilson were sung.

The cortege proceeded from the church to Myrtle Hill Cemetery where the remains were interred near those of her father and mother.

The funeral party left Rome for Washington at 6 o'clock.

Governor John M. Slaton, the State House officials and members of the Georgia assembly came on a special train from Atlanta, and delegations from all over the South brought magnificent floral tributes.

WILLIAM ORDERS ASSAULT TO CEASE

Learned German Losses Were Heavy and Wanted Change of Tactics.

WILL USE HEAVY GUNS

Paris Says Officially French Arms Have Been Successful Everywhere —Captures German Battery.

Berlin (Via Amsterdam), August 12.—(Delayed)—Kaiser Wilhelm himself interfered to prevent the carrying of Liege forts by storm. When the news reached him the German losses were heavy consequent on the necessity of assaulting modern steel fortifications with infantry, he sent word to the front to change the tactics.

He directed the assaults in force be stopped, and that the lines of communication be restored immediately so the heavy siege artillery which are still in the rear could be brought up.

The German generals at the front reported they could carry the forts by assault, and were going to do so. The Kaiser, however, did not consider the possession of the Liege fort as of sufficient military necessity to make up for the loss of carrying them by assault would have cost.

This information was made public today by General von Stein, who, declared the reports from Belgian sources were absolutely in contradiction of the facts.

The general explained that the Belgian army in front of Liege was numerically the superior of the Germans, and the ground in the neighborhood of the forts was of great advantage to the Belgian defense. Now that the heavy siege guns are being placed in position the general claims the forts will be battered to pieces speedily.

It is denied here that the German losses have been anywhere near as heavy as has been claimed by the Belgian war office. They are only what would be expected in field operations of this magnitude according to the general staff repots.

Paris, August 12.—"French and German outposts are in contact along the entire line in Alsace and French arms have everywhere been successful," according to an official statement issued by the war office today. It was declared that the French infantry had driven the German back in the Verdun region, inflicting heavy losses. A battery of artillery was captured.

PASTOR RUSSELL DENOUNCED.

Teachings Attacked at Mountain Lake at Rank Heresy.

Mountain Lake Park, Md., August 12.—A crusade against the teachings of Pastor Russell, of Brooklyn, author of the system known as milennial dawn and head of the International Bible Students' Association, was inaugurated Monday morning at the Mountain Lake Bible Conference.

Following an address by the Rev. Dr. J. M. Gray, dean of the Moody Bible Institute, Chicago, in which he denounced the teachings of Russell as the most dangerous form of heresy, the Rev. Dr. Charles W. Baldwin, of Baltimore, president of the Mountain Lake Park Association, called for subscriptions for the purchase of books in reply to Russellism which are to be distributed on the grounds and in the neighboring towns.

Dr. Gray preached on the deity of Christ. He charged Pastor Russell with denying the doctrine of the deity of Christ and others believed to be essential by evangelical Christians.

"Russellism is such a serious heresy," Dr. Gray said, "not only because of its denial of the most important doctrines but because it is so subtle, deceiving the most devout Christians. Its teachings are so suave, so simple, so childlike and bland that its dangerous character is not seen at first. Christians ought to be warned against it as they would against any other rank heresy."

NEW RICHMOND.

Alexandria's Latest Place of Amusement Will be Opened Tonight.

The opening of "The Richmond," the beautiful motion picture theater, recently erected on King street, will take place this evening at 7 o'clock. The management has arranged a splendid bill of pictures and with the sweet strains of music from a full orchestra those in attendance at the opening performance will be assured an enjoyable time.

In the erection of this new theater the wants of patrons have been carefully looked after. The best pictures obtainable will be shown at continuous performances commencing each evening at 7 o'clock. Electric fans and a modern ventilation system has been installed, with all windows screened to keep out the bugs.

The exterior of the new theater presents a pleasing sight, as does the interior, which is finished in tinted green and sepia. The seating capacity is 630 to each performance, the theater being equipped with the latest opera chairs. The floor is of cemnt to insure perfect sanitation conditions and so constructed that the hose can be turned on and the interior given a thorough washing each day. The lighting system has been so arranged as to make it dark enough to see the pictures and light enough to allow the patrons to move up and down the aisles in safety. The theater is absolutely fireproof, having rear and front exits. The building could be emptied within two minutes if necessary. The elevated room where the two motion picture machines will be located, is absolutely fireproof and equipped with every modern appliance to show the pictures with the best results. One feature the management will follow is that no adverisements will be shown on the screen between pictures.

Numerous brass railings put a finishing touch to the interior decorations. No canvass will be used on which to show the pictures, but by a special process the rear wall of the theater has been so adjusted that the pictures will be flashed against it with telling effect.

The ticket office has been equipped with a modern ticket machine. The cashier will accept the price of admission and push a series of buttons. The machine then prints the tickets and pushes them forward to the purchaser without attention of the cashier, electricity being used as the motive power for that transaction.

It was originally planned to utilize the second floor of the theatre building as a bowling alley and billiard parlor, instead of that a large assembly or banquet room has been arranged which will also be used as a dance hall. The second floor is modernly furnished with a kitchen, cloak rooms, toilets, etc. and can be used for many large gatherings.

The management of the new "Richmond" theater aim to please the public at all times. Nothing but the best of pictures will be shown at all times. The shows will begin promptly each night at 7 o'clock. The price of admission will be 10 cents for adults, 5 cents for children under the age of ten years and children in arms will be admitted free.

RUSSIANS CLAIM VICTORY.

St. Petersburg, via. London, August 12.—The Russian general staff announces that the Russian troops yesterday dislodged a large body of Austrain troops from the entrenched village of Zalotche, in Austrian Galicia, to the southwest of Radzivilo, in the Russian province of Volhynia.

The Russians sabred a section of the Fifteenth Austrian Infantry, while the Thirteenth Austrian Lancers and the Thirty-third Austrian Landwehr fled in disorder.

The Austrian troops, who previously had occupied Radziviloff, hastily evacuated the place after the Russian success on Austrian territory.

No other serious engagements have been reported from the Austro-Russian frontier.

A telegram from Vilna says six carloads of German prisoners passed through that city yesterday morning on their way to the interior of Russia. Four wounded officers were taken to the Vilna Hospital.

London, August 12.—A Central News dispatch from Vienna, by way of Amsterdam, says the Austrian troops have occupied Miechow, in Russian Poland, 10 miles within the border, after defeating a body of Cosacks, whose losses are given as 400 killed and wounded, while those of the Austrians are said to be 140 wounded.

CONSUL DISCERNS THE YELLOW PERIL

German Official With Years of Experience, Warns United States.

THE WILY BROWN MAN

United States May Be Forced to Fight for Supremacy in the Pacific in the Near Future.

Philadelphia, August 12.—That the United States may be drawn into the war that is involving most of the nations of Europe was the opinion expressed by leading Germans of this city yesterday, after there had been received the cable that Japan, under certain conditions, would take part in the war on the side of England. If that is so," said Mr. Mudra, the German Consul in this city, "England by helping Japan, stands to disturb the trade of the world and to destroy the commerce of the Pacific and Indian Oceans. The question now is, will the United States allow it?"

Dr. Mudra formerly served as German Consul in cities of Japan and China, his service in those countries extending over 10 years. While stationed in Japan he lived at Kobe, Yokohoma and Kagasaki. In China, he lived at Shanghai, Hong Kong and Canton. According to Consul Mudra there are about 15,000 Germans in Japan. Those who may get the chance to get out of certain districts will flee to Kiantscon, where there is a German colony.

"Japan has for many years been endeavoring, by sending her people of the Philippines, to acquire those islands," said Consul Mudra," "and since the United States secured them the Japanese have turned their attention to Sumaitra, Borneo, Celobies, Guinea and other Dutch possessions in the Indian Ocean. Heretofore England has been opposed to the advance of Japan in those directions."

"It is up to the United States to say as to whether the Pacific is to become a yellow sea," stated C. J. Hexamer, president of the German-American Alliance." It is up to this country to say whether or not Japan is to become the ruler of the Pacific. I don't think Japan will be permitted to have her own way."

THREE GIRLS ACCUSE HIM.

Baltimorean Charegd With Attacking Them in Boat.

Baltimore, August 12.—Albert Wheeler, a young stevedore, is in Mount Winans Police Station charged with attempted assault on three young girls whom he had taken crabbing in a rowboat in the Patapsco flats, above Long Bridge, off the Brooklyn shore.

There are three separate charges against him, each of which carries a heavy penalty. It is the third time that he has been accused of assaulting young girls, having been charged in 1906 and again in 1912.

The girls whom he is alleged to have attacked are.

Mary Curran, 12 years old, and Marie Heying, 13 years old, and Beriden Heying, her sister, 9 years old.

Immediately after the assault it seemed that Wheeler would escape,as he left the boat and waded over the mud flats and through the stiff marsh grass to the shore, gained the Annapolis road and started away. He was arrested, hatless and shoeless, his shirt torn to shreds and with blood streaking his face and neck, by County Patrolman Bealefeld, and taken to the Mount Vernon Winans Station.

Wheeler is 26 years old and married and is a stevedore working at the fertilizer docks of the Western Maryland Railway. He was arrested in April, 1912, on the charge of attempting to assault Mary Tully, 9 years old, and was dismissed, because the little girl could not positively identify him. He was arrested in 1906 on the charge of attempting to assault Elsie Hughes, on the Hospital Shore, but was positively identified and was dismissed.

LOCAL BREVITIES.

Mrs. Mary E. Foresuch has been appointed administratrix of the estate of her husband, the late Entichy Foresuch.

The Old Dominion Boat Club has completed arrangements for a smoker to be held on Friday night at their clubhouse on the Potomac. A number of athletic events will make up the principal features of the program.

In the Circuit Court in vacation, today, the will of Miss Eliza Lonsdale Smith was admitted to probate. All of her property is left to her sister, Mrs. Lucy D. Knox, and the latter qualified as executrix.

Messrs. Harry Burke, C. S. T. Burke nad Julian T. Burke, Jr., were appointed appraisers of the estate.

The Board of Managers of the Children's Home will meet at the home tomorrow evening at 7:30 o'clock. All members are urged to be present.

Belle Haven Lodge, Knights of Honor, have paid to Mrs. Mary A. Crook, the amount of insurance held by her husband, the late Robert N. Crook.

Large reward for finder of small black and tan female fox hound, lost out of car in railroad yards Thursday. Hold for inspection or ship to O. R. Thraves, Powhatan, Va.

WIRELESS PROTEST IGNORED.

No Answer to Complaint of Censorship of German Stations.

New York, August 12.—Heinrich Charles, secretary of the German-American Chamber of Commerce, says no answer has been received to the protest made against this government placing censors in the wireless stations along the coast of the United States known to have been in communication with German warships.

The protest charged that Germany was being discriminated against, in that the cables to England were open and uncensored on this side of the Atlantic. From London, the protest asserted, instructions could be sent by cable, then relayed by wireless to British or French warships. The censoring of messages sent over the German owned radio stations, Mr. Charles asserted, was unfair to the German people. He and his organization also maintain that the action taken by the United States was not in accordance with the international neutrality laws.

THE LATE GENERAL LOGAN.

Deceased Had Gallant War Record—Once Active in Politics.

Thomas Muldrup Logan financier, organizer and former brigadier-general of the Confederate States army is dead.

The deceased was born in Charleston, S. C., on November 3, 1840, the son of Judge George William Logan and Anna D'Oyley Glover.

He was distinguished for gallantry during the war between the States.

After the war General Logan began practicing law in Richmond, and practiced here about twelve years. In 1878 he gave up law, and undertook to organize the system of railroads now represented by the Southern Railway system. He successfully organized various railroads and other enterprises, and subsequently the Gray National Telautography Company ,of which he was president.

At the time that General Logan formed the syndicate of Richmond and New York capitolists to consolicate various railroads into a complete system, the Richmond and Danville Company controlled about 300 miles of track; and in less than two years this syndicate, under the lead of General Logan, had secured for that company more than 2,000 miles of railroad, and formed the system which as the Southern Railway is one of the great railroad properties in the country.

In 1879 General Logan was chairman of the executive commitee of the Democratic party of Virginia. He took an active part in organizing the Gold Democratic party of Virginia in the first McKinley campaign of 1896; and was elected chairman of its executive committee.

General Logan was a member of the Westmoreland Club, of the Commonwealth Club, of the Manhattan Club New York.

PEACEFUL CHANGE OF CAPITAL CITY

Evacuated by Federals Way Open to Victorious Rebels.

NO GUARANTEES YET

If They Are Not Forthcoming, Another Revolution Is Expected to Begin in a Short Time.

Washington, August 12 — The peaceful transfer of the Mexico City government from the Carbajal administration to the Constitutionalist has actually been done, according to official advices to the State Department from Consul Silliman, now en route to the capital with General Carranza.

The consul said the Federal troops evacuated the capital, leaving the city in charge of municipal police, who, by agreement, were to be regarded as neutral. The Federals withdrew to a near-by point, there to await an announcement of amnesty from General Carranza.

Should guarantees be refused, officials here do not doubt that an immediate counter revolution will be set in motion.

The Brazilian Minister to Mexico, who is caring for American interests, Governor Iturbide, of the Mexican Federal district, and a commission of two others, left today for Tula, north of Mexico City, where General Obregon, commander of one of the three big Constitutionalist army divisions, had headquarters. General Carranza is expected to go there immediately. The commission is endeavoring to arrange details of the Constitutionalist entry. No definite word has been received here up to ate today, as to Provisional President Carbajal, but it was understood he would leave the capital for Vera Cruz within twenty-four hours.

With the Constitutionalist entry into Mexico City, the question of recognition for the new government will confront Washington. There is every reason to believe it will be withheld until there is an election, or political convention, at which there is some expression of the attitude of the people toward the new government. Disquieting advices again are coming from reliable sources that General Villa will not obey Carranza's orders to march south, but will remain in the north, and demand a convention of representatives of the army, as agreed to in the Torreon conference. Should Carranza refuse this, a new revolution in the north would not surprise many high officials here.

Secretary Bryan's attention was drawn by the Japanese ambassadors today to a report that the honorary Japanese vice-consul at Manzanillo, a Mexican, had been arrested by the Constitutionalists. Secretary Bryan sent a message of inquiry to American Consul Silliman.

In the same message was an instruction to secure the safety of the 200 Japanese in the city of Mexico when the Constitutionalists occupy the capital.

On Board U. S. S. California, Mazatlan, August 10 (delayed in transmission.)—The evacuation of Mazatlan by the Federal garrison and its occupation by the Constitutionalists Monday night was complete. Fifteen Federal officers and two volunteers were executed in the presence of all the Federal prisoners assembled at the custom house. One of the doomed men was given time in which to compose a letter to his wife. The bodies were left all day in the sun where they fell.

The city is quiet. There was no looting.

American navy surgeons on board the California turned over the ship's hospital department to wounded Constitutionalists and lent their professional services.

Hard and Soft Shell Crabs at Rammel's Cafe

S. Kann Sons & Co.

"THE BUSY CORNER" 8TH ST. AND PENNA. AVE.

"WAR PRICES" FOR FOOD.

Cost of Living Takes Its Way Skyward, and Investigation Is Demanded.

Washington, August 12.—"War prices" for food in the United States resulted yesterday in introduction in the House of four resolutions asking investigation. All of the measures proposed inquiry into the reasons why, when American bumper crops are deprived of their foreign markets, the price of foodstuffs should go up in the domestic market. Representative Moore, Kelly and Farr, of Pennsylvania, called on the executive department for inquiry into the cause of high prices, and Representative Donohoe, of Pennsylvania, proposed the creation of a special House committee to investigate.

Chicago, August 12.—An increase in the market for food supplies because of the European war, together with charges that farmers and stock-raisers are holding hogs and cattle for further price advances, were listed today as causes for a considerable increase in prices at which foodstuffs are being sold.

An investigation into whether the prices are justified will be begun by a Chicago Council committee, which, according to its announcement, will meet with State officials, heads of civic organizations, expert economists nad representatives of wholesale and retail dealers.

"Retail prices are going up no faster than the cost of raw material," said F. E. White, a director of Armour & Co., today. "All classes of meat are advancing. This is only natural because we are called on to live on our own supply of cattle and hogs, and at the same time Europe wants to buy from us, being unable as yet to import from South America and Australia."

Suicide in Lynchburg.

Lynchburg, Va., August 12.—Geo. W. Puckett, aged 28, an unmarried man, committed suicide at his home here last night by shooting himself in his head. No reason is known for the act.

NEW AQUEDUCT BRIDGE

Maj. Charles W. Kutz Says Steps Should Be Taken Now to Replace Structure.

Major Charles W. Kutz, engineer officer in charge of the Aqueduct Bridge, in a report to the Chief of Engineers, says that a new bridge is needed.

Defects have been found in the bridge that equal the number repaired when the bridge was examined in 1912, and double the number repaired in 1910 and 1911. The five old piers should be removed, he said.

"A new bridge is needed, and the necessary preliminary steps should be taken," said the report. "There is an unexpended balance of $14,667,78 for the reconstruction of pier No. 1. It is recommended that this balance be reapportioned and made available for the preparation of plans and estimates for a new bridge to include necessary borings."

The project for the improvement of the Potomac at Washington has been completed, and the current appropriations are being devoted to the maintenance of channels, seawalls, inlet and outlet gates of the tidal reservoir, says the report of Major Kutz. Navigable waters at this point of the Potomac have been improved substantially during the past year, Maj. Kutz reported. A contract has been made to dredge the Virginia side to prevent shoaling by each freshet. The work has been delayed by the failure of the dredge to appear.

HELD FOR THE GRAND JURY.

Young Man Enters Lozano Dry Goods Store and Carries Away Sundry Articles.

Attaches of the Lozano dry goods store, on King street, near St. Asaph, upon opening up this morning discovered that some of the goods in the place had been ransacked during the night. Upon further investigation some of the stock was found to be missing. Chief Goods, of the police force, was notified and he proceeded to make a search for the stolen articles. The chief and Officer Talbot finally went into a room occupied by a young man named George Clark, where they found some of the missing articles. A further search in another room resulted in the discovery of the remainder of the plunder. Clark was taken in custody and later brought before the Police Court.

The stolen articles consisted of white and colored shirts, underwear, hosiery, neckties, suspenders, etc., amounting to about $25 worth.

It was shown by the evidence that Clarke had broken a string with which an upper window had been secured, entered the store and carried away the goods found on his premises. He acknowledged to the chief that he committed the act.

The accused was held for the action of the Grand Jury.

AUSTRIA ANGERS ITALY.

Call for Explanation of Bombardment at Antivari Shows Drift Apart.

London, August 12.—According to the correspondent at Rome of the Morning Post the relations between Italy and Austria are becoming more strained. Italy has demanded an explanation of the bombardment of the establishment of the Puglia Company, at Antivari, Montenegro, over which the Italian flag floats and in which there were Italians.

The economic effects of the war already are severely felt in Italy. Train service has been reduced to save coal of necessity. There is as carcity of the smaller denominations of money everywhere. The Mayor of Rome has issued a list of maximum prices which may be charged for food.

FUNERALS.

Funeral services for Mrs. Margaret Iden will be held at 5 o'clock this afternoon from her late home, 208 South Payne street. The Rev. Edgar Carpenter, rector of Grace Episcopal Church, will conduct the services.

Mrs. Francis Hart, who died yesterday, will be buried tomorrow morning at 10 o'clock from 308 Queen street.

A wireless message, picked up at New York last night, stated the Kaiser had been shot in the right thigh at Aix-la-Chapelle. The message said that the wound was not serious.

REFRESHING SHOWERS

Temperature, However, Remained Uncomfortable Throughout Last Night.

The thunder storms forecasted yesterday by the Weather Bureau arrived on schedule time, but the northwest winds and cooler conditions and the weather, notwithstanding the heavy showers, remained humid and uncomfortable.

There were several heavy showers, accompanied by thunder and lightning, toward the close of the day, followed by others at night. About 6 o'clock there was a vivid flash and crashing thunder, and a few minutes later it was known that the electric fluid had struck the cupola of the old Friendship engine house. No fire followed but the bolt occasioned considerable alarm in the neighborhood. It is an old adage that lightning never strikes twice in the same place. During the summer of 1856 a bolt from the celestial batteries struck the cupola on this historic engine house occasioning about as much damage as that yesterday.

Cooler weather is the promise still held out in the weather forecast issued last night. It was expected that northwest winds would take the place during the night of the southwest winds that have been causing discomfort for the last few days.

The maximum temperature yesterday was 90 degrees at 3 o'clock in the afternoon. The minimum temperature was 73 degrees at 6 o'clock yesterday morning. The mean temperature was 82 degrees which is 6 degrees above normal. All in all, it was a hot day and a disagreeable one.

APPOINTED SUPERVISOR.

Judge J. B. T. Thornton, of the Circuit Court, today appointed Frank L. Bailenger Supervisor for Falls Church District, Fairfax County, in place of Thomas A. Williams, resigned.

PREPARE EXHIBITS.

International Dry Farming Congress and Exposition to Be Held in October.

Employes of the exposition branch of the Department of Agriculture of the United States Government, located in this city, have received orders from the department to prepare exhibits for the International Dry Farming Congress and Exposition to be held in Witchita, Kansas, and work has been commenced on new cases and material which will be shown there. The show will be held from October 7th to the 17th and several carloads of material will be shipped from this city the latter part of next month.

The exhibits will include models, charts and transparencies, seeds and plants, showing all of the activities of the department. New cases which will facilitate the exhibits have been prepared.

The work is being done under the direction of Professor F. Lamson Scribner, or the department. Martin M. Klein is in active charge of the preparation of the exhibits in this city.

MINER STRANDED.

William Ridge, a coal miner, who arrived in Alexandria yesterday from Philadelphia, from whence he had walked with his wife and two children, one a boy three years old, and the other a girl 10 months old, was furnished transportation last night by Mayor Fisher and sent to Lynchburg. The family are in destitute circumstances and were trying to reach Huntington, W. Va.

REMARKABLE RECORD

Flesh-Forming Food that Succeeds Nearly Every Time.

A man or woman might as well starve outright as to take food into the stomach and not have it assimilated, yet in Alexandria, as well as in every other town and city, there are many people who are thin, pale and seem underfed, simply because the food they eat is not assimilated, and fails to make good blood and firm flesh.

Samose, the wonderful flesh-forming food, taken before or after meals, mingles with the food, so that it is assimilated by the system and makes rich blood and pleasing plumpness.

Anyone who is thin, weak, scrawny and emaciated can put 50c on deposit with E. S. Leadbeater & Sons and take home a box of Samose. If the treatment does not give a noticeable increase in good firm flesh and restore strength and health, they will return the money without any questions.

CHARGED WITH MURDER.

Negro and Wife of Victim in Nearby Cells in Nansemond Jail.

Suffolk, Va., August 12.—Caleb Phelps, colored, was brought to Suffolk yesterday and lodged in Nansemond County Jail, charged with the murder of a neighbor, Annanias Dillard. With him and lodged in a nearby cell, is Gracie Dillard, wife of the murdered man, charged with being an accessory to the crime.

Annanias Dillard was found horribly mangled, but still alive, in the woods near his home in Cleopas, Saturday morning and died Saturday afternoon, never having regained consciousness. The coroner's jury, at the inquest held Monday, found that Dillard came to his death from axe wounds made by Caleb Phelps, and that Gracie Dillard was an accessory to the crime. Porter Dillard, a brother of the dead man, testified that Annanias had for more than a year objected to Phelp's attention to his wife and had warned Phelps to stay away from his house.

VIRGINIA LABORERS.

Old Dominion's Wage Earners Number 795,568.

Washington, August 12.—Virginia's army of wage-earners numbers 795,568 males and females, representing 51 per cent of its population, according to a report of the census bureau made public. Eighty-one per cent, or 6,868, are males of ten years and over, and 168,700, or 20 per cent, are females. During the past ten years the number of gainful workers have increased 135,000.

Agriculture claims the largest following in Virginia, farmers and laborers and other allied workmen, numbering 359,420, or 45 per cent of the total.

CHILD KILLED BY WAGON.

Driver Arrested After Girl Is Crushed Under Wagon.

Philadelphia, August 12.—Crushed under the wheels of a wagon on Callowhill street yesterday, 2-year-old Dales Loze, of No. 2207 Wood street, was instantly killed. William Black, of No. 1345 South Taylor street, driver of the wagon, was arrested and will be given a hearing this morning.

The child was playing in the street when Black drove through. Spectators declare that the driver sent his wagon along carefully, but that the child suddenly ran in its path. She was knocked down by the horse's hoofs and then crushed under the wheels. She was pronounced dead at the Medico-Chirurgical Hospital.

DAGGED B YRUNAWAYS.

Mother and Child in Her Arms Are Caught Up by Team.

Shenandoah, Pa., August 12.—Mrs. Joseph Sorekenas and her 3-year-old son were fatally injured, and Lloyd Lindermuth, a farmer of the Satawissa Valley, was seriously hurt in a thrilling runaway yesterday. Lindermuth stopped in front of the Sorekenas residence with a load of produce, which was soon surrounded with an anxious crowd of mostly female customers, when a second team came along and collided with the Lindermuth rig, causing the horses to plunge ahead in a mad runaway.

Mrs. Sorekenas, with her child in her arms, was caught in the runaway and dragged 300 feet, to the horror of many powerless spectators, when suddenly the wagon upset, freeing her and the baby from being dragged to death.

Mother and child were horribly lacerated, bones broken and fatally injured and Farmer Lindermuth was thrown out of the wagon, head first, terribly lacerating and bruising him.

SERVIA FREE OF ENEMY.

Austrians Reported to Have Been Driven From Country.

London, August 12.—Not a living Austrian soldier is now on Servian soil, according to the Servian Legation in London.

An official of the legation added that seven attempts by the Austrians at different points to invade Servian territory had failed and the Austrians had abandoned the offensive and were hurriedly entrenching themselves on their own frontier in the expectation of a Servian counter attack.

A telegram from Nish says that a decree in the Servian Official Gazette announced the denunciation of all treaties between Servia and Austria-Hungary.

It was also officially announced that the Montenegrin forces had joined the Servians and that the latter had captured a number of small places on Austrian territory.

PETITIONS ARE REJECTED.

Orange Circuit Court Sustained in Refusing Injunction in Fish Ladder Case.

Richmond, August 12.—The Superior Court of Appeals yesterday refused to grant the petition of C. C. Taliaferro, who asked for a mandamus against the Board of Supervisors of Orange County requiring the Board to prescribe some specific form of fish ladder to be used on the Rapidan River.

The appeal is from the decision of the Circuit Court of Orange, which refused to issue the mandamus refused to order fish ladders constructed at the expense of the owners of certain dams on the river. The fight was made against the dam owners on the ground that they were obstructing the free passage of fish up and down the river during the months of March, April, May and June.

An appeal was also refused in the case of C. B. Harris, Jr., administrator of Richard W. Harrison, deceased, vs. the Chesapeake and Ohio Railway Company. This case came up from the Circuit Court of Fluvanna. Harrison, a telegraph operator in the employ of the railroad at Scottsville, also employed as ticket agent, was killed in the station on the night of August 24, 1913, by robbers, who attempted to burglarize the office safe. His administrator sued to recover $10,000 damages for Harrison's estate. The plea of the plaintiffs was that the company did not furnish the telegraph operator and ticket agent a safe place to work in. The defendant corporation demurred to the declaration. The demurrer was sustained and the suit dismissed by the court on June 22.

FATAL FIGHT OVER CARDS.

James Belvin Killed by Gus Shackelford at Maryus, Va.

Maryus, Va., August 12.—James Belvin, aged 26 years, was shot and fatally wounded here Monday night by Gus Shackelford, aged 28 years. Both had played cards until midnight. A dispute followed and Shackelford shot Belvin, who died this morning.

Belvin was the son of John Belvin, of lower Gloucester. Shackelford made his escape.

CALLS OFF CUP RACE.

New York Yacht Club Cables Royal Ulster Club to Cancel Contests.

New York, August 12.—Rejecting Sir Thomas Lipton's proposal of a postponement from September to October, in the hope that by then the war may be over, the New York Yacht Club today announced that there will be no America's Cup races this year.

"In view of the grave conditions due to war," we do not think it proper to race in October," the club announced. 'We are willing to postpone the races until 1916, subject to future negotiations as to date."

The club cabled its decision to H. L. Garrett, of the Royal Ulster Yacht Club in England.

DOUBLY PROVEN.

Alexandria Readers Can No Longer Doubt the Evidence.

This Alexandria citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. J. B. Briscoe, 115 Prince street, Alexandria, says: "A few years ago I allowed my name to be used publicly telling of the great amount of good Doan's Kidney Pills had done and this time my opinion of the remedy is not changed. I recommend it more strongly than before. My back was lame and sore and for five years I just dreaded my housework on that account. After I took Doan's Kidney Pills I felt a great deal better in every way."

Price, 50 c ,at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Briscoe had. Foster-Milburn Co., Props., Buffalo, N. Y.

The Case of L. L Cantelou. ..

The case of L. L. Cantelou, Clarendon, Texas, is similar to that of many others who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says, "After trying a doctor for several months, and using different kinds of medicine for my wife who had been troubled with severe bowel complaint for several months, I bought a 25c bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using the second bottle she was entirely cured." For sale by all dealers.

At a Corporation Court of the City of Alexandria, continued and held at the Court House of said City on Tuesday, July 21st, 1914.
Present, Hon. Louis C. Barley, Judge.
Hillman T. Gray, Complainant,
Vs.
Alice O. Scott Gray, Defendant.
IN CHANCERY.

An affidavit having been duly made, as required by law, that the defendant is a non-resident of the State of Virginia, and that she cannot be found within the jurisdiction of this State, and the sergeant having made a return upon the orginal process or summons issued herein that the defendant is a non-resident of his bailiwick, and application having been duly made in open court for an order of publication against the said defendant to appear and answer a bill in chancery filed by the complainant against the defendant for an absolute divorce on the grounds of desertion and abandonment for more than three years prior to the institution of this suit, and an order of publication having been duly granted in open court, it is therefore ordered that said defendant do appear here within 15 days after due publication hereof to answer the suit of complainant against the defendant for an absolute divorce on the grounds of desertion and abandonment for more than three years prior to the institution of this suit and to do what may be necessary to protect her interest in this suit. And it is further ordered that a copy of this order be published once a week for four successive weeks in the Alexandria Gazette, a newspaper published in Alexandria City, Virginia, and that a copy be sent by registered mail by the clerk of this court to the last known place of address, residence and abode of defendant, to-wit: 1814 Arctic Avenue, Atlantic City, New Jersey, as stated in the application for this order of publication, which shall be certified by the clerk to this court, and that a copy be posted at the front door of the court house of this Court on or before the next rule day of this Court.

Teste:
NEVELL S. GREENAWAY,
Clerk

VIRGINIA.

In the Clerk's Office of the Corporation Court of the City of Alexandria, on the 7th day of August, 1914, Kate Redmond and Louis Redmond, her husband, Complainants,
Vs.
Mary Cassidy and James Cassidy, her husband; Mary Pewters, John Pewters, her husband; Kate Pewters, widow, and William O'Connor, bachelor, Defendants.
IN CHANCERY.
MEMO.

The object of this suit is to obtain partition of the real estate in the City of Alexandria, Virginia, of which Ellen Buttimore died seized, by partition in kind, if possible, but if not, then by a sale thereof and distribution of proceeds among parties entitled under her will, said real estate being premises No. 1016 Duke street, Alexandria, Virginia.

It appearing by an affidavit filed in this cause that the defendants, Mary Cassidy and James Cassidy, her husband; Mary Pewters,John Pewters, her husband; Kate Pewters, widow, and William O'Conner, are non-residents of this State: It is Ordered,That said defendants appear here within fifteen days after due publication of this order, and do what is necessary to protect their interests in this suit, and that a copy of this order be forthwith inserted in the Alexandria Gazette, a newspaper published in the City of Alexandria, once a week for four successive weeks, and posted at the front door of the Court House of this city.

A Copy—Teste:
NEVELL S. GREENAWAY,

Had Serious Lung Trouble—Now Well

Sufferers from Lung Trouble are often misled in the belief that nothing will save them. Rest, fresh air, wholesome food and regularity in habits do much in aiding to restore health, but something else is needed. Many people who have taken Eckman's Alterative have testified that it was this medicine which restored them to health. Read this:—

Weldon, Ill.

"Gentlemen: Through your instrumentality I have been saved from a premature grave. On December 14, 1904, I was taken with Typhoid Pneumonia, which developed into Lung Trouble. In February, 1905, I went to Fort Worth, Texas, and later to Canon City, Colorado. After being there two weeks my physician informed me that my case was hopeless. Three weeks later I returned home, weighing 108 pounds, the doctor having given me no assurance of reaching there alive. On July 14, 1905, I began taking Eckman's wonderful remedy for Lung Trouble. Today I weigh 158 pounds. I am stout and well and can do any kind of work about my grain elevator."

(Affidavit) ARTHUR WEBB.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and Pneumonia. The system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

SUMMER PRICES ANTHRACITE COAL

Anthracite coal delivered in August will be at the lowest summer prices.

We are taking the greatest care in buying the very best grades of coal for our trade and are paying the highest market prices in an effort to get only the very best.

We strongly urge our customers to place their orders early, as the coal is carefully prepared and the deliveries are more certain.

Alexandria, Virginia

THE SUMMER COMFORT

July is here and we are probably in for the usual amount of hot, humid weather.

One of our Electric Fans will do much to "put ginger" in the office force on hot days.

The cost of operation is negligable, less than one-half a cent per hour.

Let us show you our line of eight, twelve and sixteen inch fans.

It pays to have a breeze under your control.

WAR CAUSES HIGHER PRICES.

There is naturally much complaint of the rise in prices of the necessaries of life in this country, the result of the war now ravaging Europe. This was expected as soon as it was known hostilities had become inevitable.

The sharp advance in the price of sugar seems to afford the most common topic of conversation among anxious housewives. This essential is now bringing seven cents a pound, while it could be procured a few weeks ago for five cents. It may further advance if the war is prolonged.

While we all deplore the fact that high prices rage for certain commodities which are indispensable in our households, attention may be called to the fact that brown sugar, an inferior product of the cane, has been known to sell in Alexandria during war times at twenty-five cents a pound. So this is not the first time we have been made to face such conditions. During the latter part of the fifties the same variety of sugar which is now selling for seven cents, brought eleven cents in Alexandria. Lard has been known to sell at twenty cents a pound several years before the civil war.

The United States, after all, has much for which to be thankful. While prices are necessarily advancing in our country, people in certain sections of Europe are about to face famine, and should this unfortunate war continue for a few months conditions similar to those which prevailed in Johnanesburg, South Africa, during the Boer war may be expected.

Our country is but a spectator of the terrible scenes of carnage, now disgracing the so-called civilization of the twentieth century. We can grow nearly everything needed for our own people, while England, France and Germany have ever depended upon other nations for adequate supplies to feed their millions.

While heartless speculators may cause unnecesary advances in certain essential articles, there is at present no cause to fear that any one is liable to perish for want of food. While the war cloud is in evidence, the people of the United States should be realize that conditions could be much worse with them.

AN UP-TO-DATE PRAYER.

Annie Sherill Baird in the Southern Woman's Magazine says.

From Berlin comes a news item to the effect that the German Lutheran liturgy from now on will contain, by command of the Kaiser, a special prayer for airships and aeroplanes in the imperial service. The regular prayer for the armed forces, as altered to include aircraft, is as follows.

"May it please Thee to protect the royal army and all the imperial forces by land and sea; also the ships upon the sea and all the aircraft now voyaging."

Anything pertaining to war has always appealed powerfully to the imagination of man. Soldiers are prayed for, but bookkeepers are not. A battleship is "christened" but a cook stove is not christened, nor a churn.

Fighting and praying seem to go together, but work inspires neither prayer nor hymn. Thousands have sung "Onward, Christian Soldier," but nobody ever chanted, "Onward, honest plowman!" The Christian is pictured as marching "as to war," not marching as to work.

A HUGE DEFICIT FOR VIRGINIA.

State Auditor Moore shows in his last annual report that the total State receipts are, in round numbers, $7,200,000.

Annual expenses of the State government and the State institution, including road improvement and Confederate pensions, are $7,100,000.

Included in the receipt is the $532,000 received from the liquor licenses. The sum of at least $200,000 more is received indirectly from the manufacture and sale of spirits.

If the liquor licenses are cut off, the annual deficit, using the Auditor's figures as a basis for the calculation, will be over $600,000. (This does not include the several hundred thousands which the cities will lose from local taxation.)

This deficit will have to be met by increasing the tax on real and personal property. Next year a new assessment, which will continue for five years, will be made. There has been a normal increase in the value of the property in the State. Even this will have to bear an additional burden, and the property which has not increased in value—which has even decreased in value—will be saddled with this increased tax.

The increased valuation for purposes of taxation will be chiefly in the counties, as city property already is taxed on a high valuation.

If the voters of Virginia decide to try the experiment of State-wide prohibition in Virginia much of the property used by the distilling, refining and brewing interests will become practically valueless. Those who sell their products to these industries will suffer and the workmen employed in the industries will be thrown out of work.

GERMANY FACES FAMINE.

Country Cut Off from the World—Food Supplies Giving Out.

Paris, August 12.—Famine and ruin face Germany at the present moment. Absolutely reliable private information has reached me concerning present conditions in the empire. Germany is cut off from the entire world, and her food supplies are already giving out. No cereals are reaching her, the Russian frontier being closed, and the Berlin authorities are desperately trying to bring in the standing crops by forcing 100,000 aliens, principally Russians, to work in the fields with the women and children.

Under these conditions it is not to be wondered that the Kaiser's forces are fighting on empty stomachs. Thus the Emperor's war madness is already bringing over the whole empire a blasting wave of hunger and distress.

After the general war had broken out, Herr Haasem, the Socialist deputy, said in the Reichstag:

"The imperialist policy is responsible for the torrents of blood now drenching Europe. Those who put this policy into action must take the entire responsibility. We tried to keep peace with France, but we failed and we must fight now to protect our frontier, but we know who has brought misery on millions of our compatriots."

Aside from her diminishing wheat supply Germany now has only eggs enough for two days and very few cattle. Prince Bulow this week wrote in the Hamburger Nachrichten:

"Even if the entire world were peopled with demons the Germanic people would defend their place in the sun." But this warlike spirit and personal valor cannot overcome the despair of the breadless army sent against France, whose troops are splendidly supplied with food.

BULGARIA IN STATE OF WAR.

Action Taken to Guard Her Frontiers Against Neutrality Violations.

Sofia, Bulgaria, August 12.—A state of war has been proclaimed throughout Bulgaria, to enable the government to prepare to guard the frontiers against violations.

Premier Radoslavoff announced in the Sobranje that Bulgaria had determined to observe the strictest neutrality, but must take measures to repulse any violation of her frontiers.

FOR RENT—Furnished house, eight rooms, hot water heat, electricity, gas range. Centrally located. Address R. W. Gazette Office. 10_3t.

At a Corporation Court of the City of Alexandria, continued and held at Courthouse of the said City on Thursday, July 9th, 1914.
Present, Hon. Louis C. Barley, Judge.
Emma E. Schilling Nauman, Complainant,
Vs.
John Nauman, Defendant.
IN CHANCERY.

An affidavit having been duly made, as required by law, that the defendant is a non-resident of the State of Virginia, and that he cannot be found within the jurisdiction of this State, and the sergeant having made a return upon the original process or summons issued herein that the defendant is a non-resident of his bailiwick, and application having been duly made in open court for an order of publication against the said defendant to appear and answer a bill in chancery filed by the complainant against the defendant for an absolute divorce on the grounds of wilful desertion and abandonment for more than three years prior to the institution of this suit, and an order of publication having been duly granted in open court, it is therefore ordered that said defendant do appear here within 15 days after due publication hereof to answer the suit of complainant against the defendant for an absolute divorce on the grounds of wilful desertion and abandonment for more than three years prior to the institution of this suit, and to do what may be necessary to protect his interest in this suit. And it is further ordered that a copy of this order be published once a week for four successive weeks in the Alexandria Gazette, a newspaper published in Alexandria City, Virginia, and that a copy be sent by registered mail by the clerk of this court to the last known place of address, residence, and abode of defendant, to wit, State Hospital for the Insane, Norristown, Pennsylvania, as stated in the application for this order of publication which shall be certified by the clerk of this court, and that a copy be posted at the front door of this court on or before the next rule day of this court.

A copy—Teste:

ROBINSON MONCURE, p. q.

At a Corporation Court of the City of Alexandria, Virginia, continued and held in the Court House of said city on Thursday, July 30th, 1914.
Present, Hon. Louis C. Barley, Judge.
John H. Sullivan
Vs.
Sadie Sullivan.
IN CHANCERY:

An affidavit having been made and filed that the defendant is a non-resident of the State of Virginia, upon the application of the complainant in writing, stating specifically the last known address of the defendant, the Court on this 30th day of July, 1914, doth grant the following order of publication:

The object of this suit is to obtain for the complainant a divorce from the bond of matrimony from the defendant on the ground of adultery committed in the city of Alexandria, Va., in the month of July and August, 1913; and is further ordered that the defendant do appear within fifteen days after due publication of this order and do what is necessary to protect her interests in this suit, and it is further ordered that a copy of this order of publication be published once a week for four successive weeks in the Alexandria Gazette, a newspaper published in the City of Alexandria, Virginia; that a copy be posted at the front door of the Court House in the said city, on or before the next succeeding rule day after this order, and that a copy of said order of publication shall be sent by registered mail by the Clerk of this Court, addressed to the said Sadie Sullivan, at 806 1-2 Eye street, northwest, Washington, D. C., her last known place of address.

Headache and Nervousness Cured.

"Chamberlain's Tablets are entitled to all the praise I can give them," writes Mrs. Richard Olp, Spencerport, N. Y. They have cured me of headache and nervousness and restored me to my normal health. For sale by all dealers.

TUBERCULOSIS.

In addition to plenty of fresh air and proper diet, those suffering from or who are predisposed to Tuberculosis are recommended to use Eckman's Alterative to stop night sweats, banish fever and hasten recovery. This medicine, by reason of its successful use during the past, warrants the fullest investigation possible by every sufferer.

Eckman's Alterative is most efficacious in bronchia: catarrh and severe throat and lung affections and in upbuilding the system. It contains no narcotics, nor harmful or habit-forming drugs. Accept no substitutes. Sold by leading druggists. Write to the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries.

KEEP COOL

and keep your food cool too, if you would be healthy and comfortable during the dog days. The only way to keep the food in proper condition is to surround it with pure ice—not the cheap and dirty kind that carries contamination with it. We will serve you daily with the purest ice at a very slight cost.

MUTUAL ICE COMP'Y.

Driving Outfits

We furnish everything but the horse. Buggies with style and endurance, wagons for every farm and city purpose. Harness of every requirement, stable accesories for every need.

The Twenty-Year Test.

"Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Gen. W. Brook, publisher of the Enterprise, Aberdeen, Md. "I discovered that it was a quick and safe cure for diarrhoea. Since then no one can sell me anything said to be 'just as good.' During all these years I have used it and recommended it many times, and it has never disappointed anyone." For sale by all dealers.

Not So Strange After All.

You may think it strange that so many people are cured of stomach trouble by Chamberlain's Tablets. You would not, however, if you should give them a trial. They strengthen and invigorate the stomach and enable it to perform its functions naturally Mrs. Rosie Rish, Wabash, Ind., writes: "Nothing did me the least good until I began using Chamberlain's Tablets. It is decidedly the best medicine for stomach trouble I have ever used." For sale by all dealers.

SAM BERNARD
popular musical comedy star

"A tin of Tuxedo is my constant companion. I like it especially because it has never given me a bit of throat trouble. The smoothest smoke ever."

Sam Bernard

RICHARD CARLE
Star of "Mary's Lamb," "The Spring Chicken," etc.

"Tuxedo is my idea of what a good, wholesome smoke should be. I'm for it—always."

Richard Carle

CLIFTON CRAWFORD
well-known comedian of "Quaker Girl" fame

"Tuxedo is my co-star. I attribute a good deal of my success to it, because it makes my nerves behave. And as for voice culture! Try Tuxedo."

Clifton Crawford

Tuxedo—the Most Enjoyable and the Most Healthful Smoke

THE most enjoyable smoke is a pipe. But many men deny themselves this pleasure because they have had unhappy experiences with pipe tobaccos.

Likely you have paid 35 cents to 50 cents for a tin of "fancy mixture," and it burned your mouth or throat, or was unpleasantly strong.

Too bad—but you got the wrong tobacco. The hundreds of thousands of men who have tried

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

have found the answer to their smoke problems. Tuxedo is the *mildest* tobacco made. It cannot bite the tongue or dry the throat.

And it's economical. There are *40* pipefuls in a ten-cent tin. You can't get any better tobacco because nothing better grows than the mellow, perfectly aged Burley leaf used in Tuxedo.

If you try Tuxedo for a month and cut out other smokes, you will not only have had the best month of smoking you have ever had in your life, but you will have made a mighty big saving in your pocket-money!

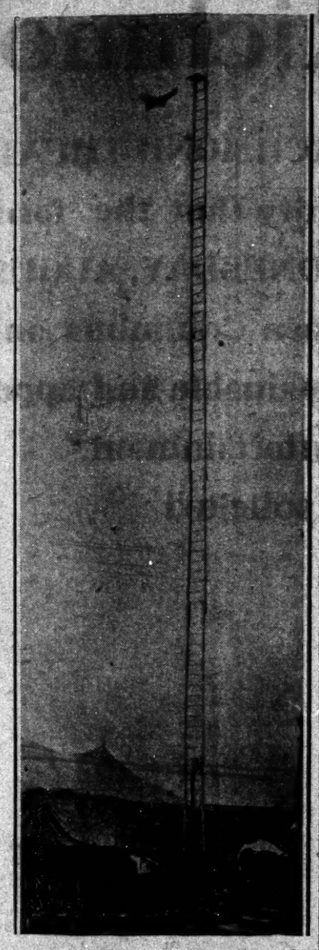
RAIN STOPS CARNIVAL.

Big Shows Will Be Open Tonight—Splendid Attractions.

Owing to the rain last night the Famous Liberty shows were obliged to remain closed. However, all the attractions will be in full blast tonight. The usual band concert was given last night and again this afternoon by Freddick Gargani's Royal Italian Band. Miss Ruth Giupin, the accompanist, is making a hit with her singing. She has a beautiful voice and sings all of the popular songs.

The biggest and most thrilling feature of the shows is the steepest track motordome ever built, where one gets a real thrill watching the daredevil motorcycle riders do all kinds of trick and fancy riding. Another big thrill is the high dive given by Mat Gay, the champon high diver of the world. After watching his leap from the top of the tall ladder in the tank of four feet of water one is satisfied that he is justly so styled. The Darling dog and pony show, the Caddis show, athletic show, and the old plantation show are all worthy entertainments. In fact, all the ten attractions are very good and each and every one are such that any lady can attend.



The management promises that no rowdyism will be permitted on the grounds and that all the concessions will be free from gambling and a large crowd is expected tonight.

These shows have made a favorable impression from their first night's performance and are deserving of being liberaly patronized.

TWO SHOTS SINK SUBMARINE.

Eyewitnesses Tells Story of Battle Between British Cruises and German Flotilla.

Edinburgh, August 12. — The Scotsman prints the story of an eyewitness of the naval battle between British cruisers and German submarines in which the submarine U-15 was lost.

"The cruiser squadron on Sunday," the story runs, "suddenly became aware of the approach of the submrine flotilla. The enemy was submerged, only the periscopes showing The attitude of the British in the face of this attack was cool, and the enemy was utterly misled when suddenly the cruiser Birmingham, steaming at ful, speedl refired first shot. This shot was carefully aimed, not at the submerged body of a submarine, but at the thin line of the periscope.

"The gunnery was superbly accurate and shattered the periscope. Thereupon the submarine, now a blinded thing, rushed along under water in imminent danger of self-destruction from collision with the cruisers above.

"The sightless submarine then was forced to come to the surface, whereupon the Birmingham's gunner fired the second shot of the fight. This shot struck at the base of the conning tower, ripping the whole of the upper structure clean and the 15 sank like a stone.

"The remainder of the submarine flotilla fled."

GERMANY MAKES DEMANDS.

Wants to Send Code Messages Through London to U. S.

Washington, August 12.—Secretary Bryan has transmitted to Great Britain formial representations made by Germany on the subject of cable and wireless communication to and from a neutral country, such as the United States, to belligerent countries.

Germany sought permission to send coded messages through London to the United States. As the American government acts as a channel of communication in the diplomatic dealings of one belligerent with the other, the message was transmitted to the British Foreign Office without comment by Secretary Bryan.

Should Great Britain continue to prevent Germany from sending cable messages through London to the United States, it is believed Germany will make a vigorous effort to have the United States remove its censorship on German-owned wireless stations.

That the State Department is considering the relation between wireless and cable communication as affected by the neutral position of the United States in the present war was admitted today by Secretary Bryan.

The Hague convention expressly states that it is not obligatory upon a neutral power to exercise censorship over either wireless or cable communications.

DESTRUCTION OF AMPHION.

Thrilling Account of Explosion of British Cruiser.

London, August 12.—A thrilling account of the destruction of the British cruiser Amphion by a floating mine, with the loss of 131 lives, was given today by survivors who were landed at Harwich, From several narratives the following story of the disaster is told.

No sooner had the Amphion left Harwich than the decks were cleared for action, as wireless advices indicated the presence of German ships. After being sighted, the German mine laying steamer Koenigen Luise failed to respond to a shot across her bows and was sunk.

"Immediately after the German prisoners were transfered to the British ship and her attending fleet of torpedo boat destroyers, a smudge of smoke was sighted on the horizon. The Amphion at once gave chase and found that the steamship was the St. Petersburg, bound for Holland., The Amphion hove to and was steaming toward port when she ran bow on against a powerful floating mine that had been laid by the Koenigen Luise.

The Amphion gave two jerky plunges, that threw seamen from their feet. Before they had time to scramble upright, there was a shattering explosion. Flames leaped upward with debris of the ship and a wall of water that reared skyward like a geyser. The two funnels of the warships were lifted heavenward like arrows shot from a bow, and the entire forepart of the vessel was splintered.

Wreckage and parts of human bodies rained upon the waters. So mighty was the force that splinters of steel and guns from the Amphion's batteries fell among the vessels of the destroyer fleet, some distance off, causing damage to these vessels.

Flames played all over the deck, indicating that part of the mire had been filled with acid, which caught fire when exposed. Many of the wounded sailors among the survivors are suffering from frightful burns, and the bodies of some of the dead are seared with fire. Lydite fumes hindered the rescuers.

The Amphion sank immediately, as the explosion had ripped her open from stem to stern.

SENATE PASSES BILL.

It Will Admit Foreign Ships to American Registry.

Washington, August 12.—The Senate last night passed the bill to authorize the President in his discretion to admit to American registry foreign built ships less than five years old. The measure as it passed the House a week ago, was amended, by a vote of 26 to 25, to require American ownership of a majority of the stock of corporations seeking to register vessels hereafter acquired.

Another successful attempt was made to defeat the Jones amendment, adopted on Saturday, authorizing the President in his judgment to admit foreign-built ships to the trade between ports on the Atlantic and ports on the Pacific coast.

Senator Williams urged that this was a discrimination against the Gulf Coast, and succeeded in having inserted an amendment to include Gulf and Lake trade in the provisions of the amendment.

CURIOUS CLIFF HOUSES.

Queer Prehistoric Dwellings In Mesa Verde National Park.

The Mesa Verde National park is situated in southwestern Colorado and may best be reached from Mancos. Within the park are many notable prehistoric ruins, the cliff dwellings comprising a group of great importance to the study of American archaeology. The principal and most accessible ruins are the Spruce Tree House, Cliff palace, Balcony House and Tunnel House.

Spruce Tree House is located in the head of Spruce Tree canyon, a branch of Navajo canyon. It originally contained about 130 rooms, built of dressed stone laid in adobe mortar, with the outside tiers chinked with chips of rock and broken pottery.

Cliff palace is located about two miles east of Spruce Tree House, in a left branch of Cliff canyon, and consists of a group of houses with ruins of 146 rooms, including twenty round kivas or ceremonial rooms and a tapering loopholed tower forming a crescent of about 100 yards from horn to horn, which is reputed to be one of the most famous works of prehistoric man in existence.

Balcony House, a mile east of Cliff palace, in Ruin canyon, contains about twenty-five rooms, some of which are in almost perfect condition.

Tunnel House, about two miles south of Spruce Tree House, contains about twenty rooms and two kivas, connected by an elaborate system of underground passages, and a burial ground of 5,000 square feet. In each of these villages is an elaborate system of fortification, with in some cases walls 2.8 feet thick and twenty feet high, watchtowers thirty feet high and blockhouses pierced with small loopholes for arrows.

THE DRY BATTERY.

Its Many Uses and the Numerous Processes In Its Making.

What common little object, the dry cell, has played an important part in the advancement of scientific research. There are few articles manufactured that are used in so many ways as the dry battery, yet it is by no means a recent discovery.

The automobile, motorboat, wireless telegraphic apparatus, Christmas tree festoons, electric toys and trains, electric engines, local bell, telephone and annunciator systems, miniature lighting equipments, medical batteries and vibrators, electric alarm clocks, burglar alarms, automatic door openers, safe cracking devices and infernal machines in their many forms, devices for setting off dynamite explosions in excavations, the various testing outfits and electric clock service, to say nothing of the divers ways that it is used in scientific experiments, are a few of the most obvious of its applications.

In its manufacture there are about as many processes as are necessary in the making of a tungsten lamp, and the machinery process that makes it and compounds the ingredients that go into it is wonderfully interesting. So exact is the formula placed into each shell that when completed a battery will register up to a uniform amperage. The highest known amperage in the manufacture of a dry cell is twenty-six.

The exact origin of the dry battery is uncertain, many inventors having claimed the honor.—New York World.

Cheap Power.

Natural steam coming up through the ground is a cheap power for running an engine in the northern Tuscany mountains. Lakes of hot water in the vicinity of the steam holes contain much boracic acid, and a manufacturing company uses the natural steam to run machinery for extracting the valuable boracic acid from the lake water. The only difficulty in this pleasant state of affairs is that the steam itself is so highly charged with boracic acid that it would injure the blades of a turbine engine, so the steam is used to heat up an ordinary boiler, and the steam from the boiler is then used in the turbine. The steam is caused by volcanic action and comes up through blowholes at a considerable pressure.—Saturday Evening Post.

Just Run Into It.

Elements mix in a railroad station, but that of humor predominates. The other day a man entered the Grand Central hurriedly. He afterward explained he had to meet a country cousin coming in. He rushed over to a friend who knew of his errand.

"Am I late?" he asked.

"No; the train just ran into the station," he was told.

"Ran into it!" he blurted. "Was anybody hurt?"—New York Tribune.

Conflicting.

"What's the matter?" a colleague asked of the advertising manager.

"Matter enough. The fools have placed Mme. Soprano's testimonial for a cold cure on the same page with the announcement that she had a sore throat and couldn't sing."—Topeka Journal.

A Modern Pierrot.

"Fraulein Rose, if you only knew how I loved you!" When I meet you on Monday morning my heart wags with joy till Saturday evening like a lamb's tail.—Fliegende Blatter.

Kept In the Dark.

Warden—Well, are you willing to confess? Voice From the Dungeon—No, sir. I'm as much in the dark as ever.—Buffalo Express.

No man who will not make an effort for himself need apply for aid to his friends.—Demosthenes.

ENERGY OF THE SUN.

Intensity of the Light and Heat It Sheds Upon Our Universe.

By a series of curious experiments scientific men have gained a fair idea of the intensity of light and heat from the sun as compared with earthly instruments.

When the sun is at the zenith, or directly overhead, its light is equal to seventy-five electric lights placed only three feet from the observer. Yet an electric light is too dazzling for any one to look steadily at it. And as compared with Sirius, which is the brightest in the heavens, the light of the sun is 20,000,000 times more brilliant.

The intensity of solar heat on our globe varies greatly, in a way that sunlight does not, the former being affected by locations, altitudes, changes of the atmosphere and many causes.

It has been estimated, however, that the total quantity of heat which the earth receives from the sun each year is enough to melt a layer of ice covering the entire globe and having a thickness of a hundred feet.

But this is only a very small portion of the whole amount of heat given out by the sun. The total solar heat is enough to melt every day a layer of ice ten and one-half miles thick, about the entire sun, or, to take Professor Tyndall's comparison, the sun's heat emitted in one hour is equal to that produced by burning a seam of coal sixteen and one-half miles thick.—Philadelphia Inquirer.

CONCEITED JAILBIRDS.

To Have Been In Prison Is a Mark of Culture In Nigeria.

In the land of the Niger, says Mr. Amaury Talbot in the London Times, little or no stigma attaches to jailbirds.

In fact, prison residence is often regarded as conferring the mark of culture and distinction. The last governor of Southern Nigeria once complimented a chief of the interior on his knowledge of English, to which the man replied with a proud air: "Of course I be fit to talk English mouth! I learn all that when I live long time for prison."

Such residence is indeed looked upon as giving a sort of official status. At Calabar some prisoners were out cleaning the road when a clerk, dressed in the height of fashion, high collar, patent leather boots and the smartest of suits, went by. In passing he flicked one of the bending laborers with a little swagger cane he was carrying. At once the aggrieved party sprang erect. "What!" he exclaimed, with splendid contempt. "You dare touch me! You factory man! Look-a me!" Here he pointed to the broad arrows prominently displayed over his simple vest and loin cloth. "I be government man! See here!"

And the dandy passed on thoroughly abashed.

The Fattest Race.

How is it that the Danes as a race are fat? Professor Lyde states that "from one end of Denmark to the other you will not find a really thin man." And he gives rather a quaint reason for it. "The growth of dairy farming in Denmark tends to make men lazy. The private houses adjoin the byres, which are kept at a uniformly warm temperature, and the people are employed in warm buildings, living chiefly on milk and cereals. The men get so lazy that they will not take the trouble to cut up their food." And then comes this delightful conclusion: "This state of things has produced a nation of housewives who excel all others in varieties of sandwiches, which can be munched all day long." And thus is produced the fattest race in Europe, and we get a hint for a real rest cure.—Manchester Guardian.

Treating a Corn.

Whether a corn is treated at home or by a chiropodist, the treatment is the same. It consists of applying to the surface an acid (the most commonly used being salicylic) mixed with collodion and ether. The ether evaporates, leaving a layer of collodion to hold the acid while this does its work. After applying this regularly for four or five days the foot is soaked in hot water, when the corn can be picked out in one piece, leaving a hole, which quickly fills up. Some chiropodists cut the corn out by repeated applications of nitric acid, picking away the parts of the corn destroyed at each treatment. Every time you cut a corn yourself you run the risk of blood poisoning.—New York World.

Nothing Doing.

A little four-year-old, a most attractive little fairy, suddenly lost interest in Sunday school. She had enjoyed so much learning about Moses that her mother could not understand the change of attitude.

"Why don't you want to go, daughter?" she asked.

"Oh," was the astonishing reply, "I don't like to go to Sunday school since Moses died."—Woman's Home Companion.

Her Telltale Lips.

"You have been kissing another man."

"You have no right to say that," declared the girl.

"Then, I withdraw it. But I preferred to believe that than to think you had been chewing tobacco."—Louisville Courier-Journal.

Better to Admonish.

It is better to admonish than to reproach, for the one is mild and friendly, the other harsh and offensive. The one corrects the faulty; the other only convicts them.—Epictetus.

The New Richmond Theatre

The management of the new RICHMOND THEATRE respectfully announces to the public of Alexandria and vicinity that the formal opening of the theatre will take place on the evening of WEDNESDAY, AUGUST 12th, 1914.

Situated on King Street between Columbus and Alfred.

Pictures from the best reels obtainable and appointments and management of the house guarantees a refined entertainment.

Your patronage is respectfully solicited.

Ford
THE UNIVERSAL CAR

Buyers to Share in Profits Lower Prices on Ford Cars

Effective from August 1, 1914, to August 1, 1915, and guaranteed against any reduction during that time:

Touring Car	-	$490
Runabout	-	440
Town Car	-	690

F. O. B. Detroit, all cars fully equip ped.
(In the United States of America only.)

Further, we will be able to obtain the maximum efficiency in our factory production, and the minimum cost in our purchasing and sales departments if we can reach an output of 300,000 cars between the above dates.

And should we reach this production, we agree to pay as the buyer's share from $40 to $60 per per car (on or about August 1, 1915) to every retail buyer who purchases a new Ford car between August 1, 1914, and August 1, 1915.

Ford Motor Car Co.

For further particulars regarding these low prices and profit-sharing plan, see the nearest Ford Branch or Dealer.

Remschell Auto Sales Co., Local Agents.
117 N. Fairfax St., Alexandria, Va.

AUTOMOBILE FREE.

With every purchase of five cents or more, you will get a ticket good for a chance on the handsome automobile we will give way on December 24. See it on display in our window.

R. E. KNIGHT & SONS.

How to Cure a Sprain.

A sprain may be cured in about one-third the time required by the usual treatment by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by all dealers.

Hard, Soft and Deviled Crabs at Rammel's Cafe.

A dispatch from Lisbon says the Hamburg-American liner Cap Oraegal, reported captured by a British warship, was taken off Oporto, Portugal, Sunday night. The liner carried $5,000,000 in specie and sailed from Buenos Ayres for Southampton on July 16.

FIND SECRET WIRELESS.

Apparatus Discovered in German Store in Brussels.

Brussels, August 12.—Searching a German store here today the police discovered a secret wireless apparatus concealed behind a statue on the roof. The antennae were hidden by several flags.

A detachment of 20 English nurses arrived today to assist in caring for the wounded.

One of the spies arrested by the Belgians at Ostend had in his possession plans on which were indicated the halting places of the German army on its march to Paris. According to these, Brussels was to be reached on August 3 and Lille, France, on August 5.

Four German officers wearing Belgian uniforms are among the spies captured. Another spy was disguised as a woman, still another as a fisherman and a third as a missionary. The "fisherman" carried a basket full of carrier pigeons.

CAUSED BY ACT OF GOD.

Court Rules in Favor of Railroad Regarding Snowslide.

Olympia, Wash., August 12.—The snowslide at Wellington, on March 1, 1910, when two Great Northern trains were carried down the mountain side and wrecked and 92 persons were killed, was caused by an act of God, according to a ruling of the State Supreme Court in the case of William Topping, of Ashland, O., by his guardian, against the Great Northern Railway Company, appellant.

The jury in the lower court allowed the boy $20,000 damages for the death of his father, who was killed in the wreck, but the Supreme Court says that the railroad cannot be held responsible, so the decision of the lower court is reversed.

Heat caused the death of three persons in New York Monday. Nearly a dozen others were overcome. The temperature did not reach above 35 degrees, but the humidity was very high.

Leach Cross was given the decision over Joe Rivera in the twentieth round in Los Angeles last night.

BIBLES FOR SOLDIERS.

Germans Make Application to the American Society.

New York, August 12.—Christian agencies of Germany appear to be taking up work among the soldiers in arms. The American Bible Society has received an application from Germany for Bibles and parts of Bibles in German, Polish, French and Russian tongues, for distribution at the fort.

It is learned at the Bible House that the British and Foreign Bible Society of London is also taking steps for this Christian work, and is having the co-operation of the French Bible Society of Paris.

The Prussian Bible Society of Berlin, and the Wurtemburgh Bible Institution of Stuttgart are known to be entering upon Christian work in the vast armies.

A desperate sea fight, presumably between a German and a British battleship, was reported by officers of the United Fruit steamer Loveland, which arrived at Boston yesterday afternoon from Banes, Cuba. The Loveland was so close to the big war craft, they said, that every shot that was fired shocked the Boston-bound vessel from bow to stern. Captain Terjeson said he sighted the warships on Thursday night about 250 miles north of San Salvador.

FINE WATERMELONS.

I have just received 2,500 choice watermelons by the schooner East Lynne, from the lower river. They are now on sale at the dock between King and Prince streets.

C. H. McKENNEY.

AUTOS FOR HIRE.

Virginia Garage and Repair Works.
Bell phone 10.
109 King St. Alexandria, Va.

At a Corporation Court of the City of Alexandria, continued and held at the Court House of said City on Tuesday, July 21st, 1914.

Present, Hon. Louis C. Barley, Judge.

Queenie L. Anderson, Complainant,
Vs.
Vincent C. Anderson, Defendant.

IN CHANCERY.

An affidavit having been duly made, as required by law, that the defendant is a non-resident of the State of Virginia, and that he cannot be found within the jurisdiction of this State, and the sergeant having made a return upon the orginal process or summons issued herein that the defendant is a non-resident of his bailiwick, and application having been duly made in open court for an order of publication against the said defendant to appear and answer a bill in chancery filed by the complainant against the defendant for an absolute divorce on the grounds of desertion and abandonment for more than three years prior to the institution of this suit, and an order of publication having been duly granted in open court, it is therefore ordered that said defendant do appear here within 15 days after due publication hereof to answer the suit of complainant against the defendant for an absolute divorce on the grounds of desertion and abandonment for more than three years prior to the institution of this suit and to do what may be necessary to protect his interest in this suit. And it is further ordered that a copy of this order be published once a week for four successive weeks in the Alexandria Gazette, a newspaper published in Alexandria City, Virginia, and that a copy be sent by registered mail by the clerk of this court to the last known place of address, residence and abode of defendant, to-wit: Kansas City, Missouri, as stated in the application for this order of publication, which shall be certified by the clerk of this Court, and that a copy be posted at the front door of the court house of this Court on or before the next rule day of this Court.
